The Manor House at Quorn is situated in its own grounds, on the edge of the delightful village of Quorn.

We are only 2 miles from Loughborough, 5 miles from junction 23 of the M1 and 9 miles from Leicester city centre.

With ample free parking, appealing outside areas and a restaurant with a reputation for its quality, fresh food sourced from local suppliers, the Manor House at Quorn is an ideal venue for all types of meetings, training or conferences.

The meeting room is located on the first floor in part of the original 19th century building. It has been tastefully refurbished and benefits from high ceilings and natural light from large windows on two sides.

The room can hold up to 30 people depending on the layout required (see overleaf).

Directly outside the room is a private reception space suitable for a 'breakout' area.
